

2021 STS Annual Meeting Online: Immersive Video Experiences

CME Information

Session specific course descriptions, moderator and CME information are provided for each portion of the meeting that is a part of this activity. Speaker information, including disclosures, are provided once a presentation is selected for viewing – learners may select any or all of the presentations to view.

Learners must view the content and will be asked to complete the session evaluation and to claim credit commensurate with the extent of their participation in the activity. This information will be maintained in the STS Learning Management System (LMS) for future reference.

The Society of Thoracic Surgeons is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Society of Thoracic Surgeons designates this enduring material for a maximum of 20.0 *AMA PRA Category 1 Credits*™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

This activity provides self-assessment credits toward Part 2 of the ABS MOC Program.

Disclosure Information

As a sponsor of continuing medical education accredited by the Accreditation Council for Continuing Medical Education (ACCME), The Society of Thoracic Surgeons requires that any individual who is in a position to control the content of an educational activity must disclose all relationships with commercial interests (including known relationships of his or her immediate family, department, and partners). The ACCME defines a commercial interest as "any entity producing, marketing, reselling, or distributing health care goods or services consumed by, or used on, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests." The question of whether a disclosed conflict situation could represent undue influence on the educational activity by a commercial interest or whether the disclosed information is sufficient to consider an abstract, presentation, or other educational enduring material to represent potentially biased information must be resolved prior to an individual's involvement in STS educational programming.

Disclosure information is provided for each presenter at the beginning of his or her presentation. The absence of any declaration of a disclosure indicates that there is nothing to disclose. To review the complete STS Education Disclosure Policy, go to <http://www.sts.org/about-sts/policies/education-disclosure-policy>.

Intended Audience

The intended audience consists of cardiothoracic surgeons, general surgeons, anesthesiologists, oncologists, cardiologists, pulmonologists, radiologists, and allied health care providers working with cardiothoracic surgeons. MDs and DOs may claim CME credit; non-MDs/DOs are awarded a certificate of participation.

Commercial Relationships of Program Planning Members

Privacy Statement

The Society of Thoracic Surgeons is committed to protecting the privacy of those who utilize its website. STS will not release individual information

about use of its site, including visitor e-mail addresses, to any third party. STS will not transfer, sell or rent visitor e-mail addresses to any third party. Visitor e-mail addresses may be added to the STS e-mail directory for the sole purpose of providing important Society-specific communications.

STS may report general information about activity on its e-learning website to third parties, which may include advertisers or sponsors. STS will report only aggregate statistics, for instance, total number of page views, overall duration of visits, or similar aggregate data. STS may use "cookie" technology to obtain information from online visitors. (Cookies are bits of information on individual computers that help websites "recognize" visitors. For instance, cookies can help us recognize your name and password so you don't have to log in each time you visit.) STS will not contact you based on information in your cookie field. The Society has taken reasonable steps to keep all information secure against unauthorized access and use. We will review our privacy policy regularly. Please direct any questions about this privacy statement to sts@sts.org.

Provider Contact Information

Questions regarding this online CME activity should be directed to STS administrative offices at 633 N. Saint Clair St., Floor 21, Chicago, IL 60611; 312-202-5800; education@sts.org.
